Thank you again for the support of the WPSA of 2,000 US$ which was vital for covering the expenses of the young scientists taking part in the Young Scientist Programme.

14 young scientists expressed their interest in participating in our symposia when we made the announcement. 12 young scientists were able to attend from 6 countries. We waived their registration fee. We had previously stated that the young scientists would be accommodated in a guesthouse of Ege University in Izmir, but because of the 1.5 hour distance to the symposium venue in Çeşme this wasn't deemed practical. So we decided that they would stay at the Radisson Blu Hotel where the congress was held. The total amount spent for accommodation for the young scientists was 3,528 Euro (294 Euro per person in a double room). The registration fee of 200 Euro per person (12 x 200 = 2,400 Euro) was covered by us. This included attendance to the Scientific Meetings, Coffee Breaks, Opening Ceremony and Welcome Cocktail, access to the Exhibition Area, Symposium Bag, Certificate of Attendance, Abstract Book, Airport-Hotel-Airport Transfers, Open Buffet Lunch, Gala Dinner, V.A.T.

**Amount spent on Young Scientists:**

Accommodation: 12 x 294 Euro = 3,528 Euro

Registration: 12 x 200 Euro = 2,400 Euro

**Total amount: 5,928 Euro (6,752 US$ on the rate of June 23, 2019)**

On June 25, 2019 the Young Scientists meeting was held between 12:00-14:00. Prof. Dr. Julie Roberts gave presentations on two topics: Factors Affecting Egg Shell Quality and Egg Internal Quality as well as Eggshell contamination and risk for food safety. Besides this meeting, the young scientists attended all the sessions and had the opportunity to interact with colleagues from all over the world. which enabled them to gain invaluable experience.

We will include this information in our newsletter.
